On August 12, 2024, Respondent filed his Rule 4(c) report in which he concedes that Petitioner is entitled to compensation in this case. Respondent's Rule 4(c) Report at 1. Specifically, Respondent agrees that Petitioner's alleged injury is consistent with SIRVA as defined by the Vaccine Injury Table in that "petitioner had no history of pain, inflammation, or dysfunction of her left shoulder prior to vaccination; pain occurred within 48 hours after receipt of an intramuscular vaccination; pain was limited to the shoulder in which the vaccine was administered; and no other condition or abnormality has been identified to explain petitioner's shoulder pain." *Id.* at 6. Respondent further agrees that the medical records demonstrate that Petitioner suffered the residual effects of her condition for more than six months and has satisfied all legal prerequisites for compensation under the Vaccine Act. *Id.*

**In view of Respondent's position and the evidence of record, I find that Petitioner is entitled to compensation.**

**IT IS SO ORDERED.**
